

March 16, 2020

To our clients,

Due to the most recent announcement from the Public Health Agency of Canada regarding the current public health risk associated with COVID-19 moving from low to high, officials recommend social distancing is of key importance. Unfortunately we cannot guarantee social distancing once clients are in our store therefore we regret to announce that we feel that closing our store is mandatory.

We want to assure our clients that we will do all that is possible to accommodate party rescheduling or refunds for upcoming events.

Thank you for your continued support.

Nathalie Rocheleau
